## EXPLANATORY NOTES.

---

The General Assembly at its Session of 1826-27, passed the following Resolution:

*“Resolved by the Senate and House of Commons of the General Assembly of North Carolina, That his Excellency the Governor of the State be requested to make a respectful application to the British Government for liberty to procure for the use of the State, from the office of the Board of Trade and Plantations in London, copies of such papers and documents as relate to the Colonial history of North Carolina.*

*Resolved further, That the application aforesaid be made through the American Minister in London, and that he be requested to lend his aid to carry the foregoing resolution into effect, and to obtain for such agent who may be employed in this service the necessary facilities of procuring such copies.”*

Under this resolution Governor BURTON in February 1827, addressed a letter to Mr. GALLATIN then our Minister in London, who very promptly took the steps necessary to carry into effect the object in view, and it was found that there were two offices in England where papers relative to Colonial transactions were deposited, under the superintendence of the Secretary of State for the Home Department. These offices prepared the Copy of the Indexes to the records which was forwarded by Mr. GALLATIN to Governor BURTON under date 25th August 1827.

This copy was ordered by the last Legislature by a resolution ratified 26th January 1843, to be printed under the authority of the Treasurer of the State. By it it will be seen that much valuable information connected with the Colonial history of North Carolina, lies buried in the official mass of documents in England that have never yet seen the light. When this shall be procured and published, the reproach will then no longer rest on our State that one of the ablest historians of the age has been compelled to cast upon her, that “so carelessly has the history of North Carolina been written that the name, the merits and the end of the first Governor are not known.”

## CORRESPONDENCE.

---

MR. GALLATIN TO GOVERNOR BURTON.

*London, 25th August, 1827.*

Sir: I had the honor to receive your Excellency's letter of 19th April last, enclosing a copy of the Resolution of the General Assembly of North Carolina of February 9th, and requesting me to apply to the British Government for liberty to procure, for the use of the State, from the Office of the Board of Trade, copies of such documents as relate to the Colonial history of North Carolina.

I lost no time in taking the steps necessary to carry into effect the object in view, and found, on enquiry, that there were two Offices, where papers relative to Colonial transactions were deposited, viz. that of the Board of Trade, and the "State Paper Office," which is the common place of deposit for the Archives of the Home, Foreign and Colonial departments, and is under the superintendence of the Secretary of State for the Home department.

Application was accordingly made, officially, to the Foreign Office, and at the same time to the Departments themselves that had the control over the papers. And I am happy to say, that I met, in every quarter, the most liberal disposition to grant the request and to afford the necessary facilities of procuring the copies asked for.

Assurances were received of the readiness of the Lords of the Board of Trade to accede to the wishes of the General Assembly of the State. With a view to that object, a copy of the Indexes to the Records, as had reference to the Province of North Carolina, was prepared, in order that the documents of which copies should be wanted might be pointed out. And their Lordships will give directions accordingly, whenever they shall have received the necessary information. Copies of the letter of the Secretary of the Board and of the Index (Nos. 1 and 2) are herewith transmitted. There will be found amongst the Records of the Board, under the heads of "Carolina" and "Properties," documents, of a date prior to the year 1729, that relate

to North Carolina and are not included in the Index. I have no doubt that copies of these will also be obtained : but the selection will require some time and must be left to the Agent.

Lord Dudley, principal Secretary of State for Foreign Affairs, informed me that directions would be given to the keeper of State papers to permit an authorized Agent to take copies of any of the documents mentioned in a list which he enclosed. Copies of his letter and of the list (Nos. 3 and 4) are also transmitted.

This communication has been delayed some time, in order to have copies taken of the Index, list and correspondence. They are deposited in the Archives of this Legation, and will not be forwarded as duplicates, unless those now sent should miscarry ; as it may be convenient to have them here, in case the State should, instead of sending an Agent, think it sufficient to request the Minister of the United States for the time being at this place, to obtain copies of the documents wanted. This I mention only in case the expense should be an object ; for the work will probably be more completely executed under the superintendence of a person appointed for that special purpose. It must of course be understood that, in any case, the expense of clerk hire for taking the copies must be defrayed by the State.

I have the honor to be,

With great respect,

Sir, your Excellency's

Most obedient servant,

ALBERT GALLATIN.

His Excellency

H. G. BURTON,

Governor of North Carolina.

SECRETARY OF BOARD OF TRADE TO MR. GALLATIN.

*Office of Committee of Privy Council for Trade,  
Whitehall, 11th July, 1827.*

Sir: The Lords of the Committee of Privy Council for Trade, having had under their consideration the copy of a Resolution of the

State of North Carolina, (inclosed in your note to the Right Hon'ble Wm. Huskisson, of the 10th June,) requesting that application may be made to this Board for copies of such papers and documents as relate to the Colonial History of North Carolina; I am directed to convey to you, the assurance of their Lordships' readiness to accede to the wishes of the Assembly. And with a view to this object, I have the honor herewith to transmit, by their Lordships' directions, a copy of such portions of the Indexes to the Records in this Office, as have reference to the Province of North Carolina, in order that an opportunity may thereby be afforded to the Assembly, of pointing out those documents of which they may wish to receive copies. And I am to add, that, whenever their Lordships shall have received the necessary information on this head, they will give directions accordingly.

I have the honor to be,

With great respect, Sir,

Your most obedient,

Humble servant,

(Signed)

THOMAS LACKE.

ALBERT GALLATIN, Esq're,

---

LORD DUDLEY TO MR. GALLATIN.

*Foreign Office,*

*August 2d, 1827.*

Sir: I have the honor to acknowledge the receipt of your note of the 11th of June, containing a request on the part of the Governor of North Carolina that an Agent of that State might be allowed to procure copies, from the proper Office in London, of such papers as relate to the Colonial history of North Carolina.

I lost no time in referring your application to the proper Departments, and beg leave to acquaint you, in answer thereto, that directions will be given to the keeper of the State Papers to permit an authorized Agent on the part of the American Government to have

access to, and take copies of any of the documents mentioned in the list which I have the honor herewith to inclose.

Such papers bearing upon this subject as are in the custody of the Board of Trade are not included in this list, as I am informed that Mr. Grant, the Vice President of that Board, has already communicated directly with you upon the subject of them.

I have the honor to be,

With high consideration,

Sir, your most obedient,

Humble servant,

(Signed) DUDLEY.

ALBERT GALLATIN, Esq're,  
&c. &c. &c.

*Brunswick, Nov. 24, 1774.*

Gentlemen: I cannot take upon me to answer your inquiries concerning the tea brought into this port by the Sally. The Collector and Comptroller, I hear, will be at Wilmington to-morrow, or next day.—The management of the King's duty is particularly their department, and they will determine whether the tea may regularly be remitted by the vessel, or whether the duty is to be paid; or whether they will clear it out.

The safety of the people is, or ought to be, the Supreme Law: the gentlemen of the Committee will judge whether this Law, or an Act of Parliament, should, at this particular time, operate in North Carolina. I believe every tea importer will cheerfully submit to their determination—I can answer for, gentiemen—your most obedient,

Signed,

W. HILL.

It was agreed to by a majority, after the point had been maturely reasoned, that the subject was not in the extent of the Committee's inspection, and that it ought to be recommended to those concerned to conduct themselves with discretion and for the good of the country.

The Committee then adjourned to the 26th inst.

WILMINGTON, Nov. 26, 1774.

The Committee met according to adjournment.

Present: Francis Clayton, Robert Hogg; Jno. Ancrum; John Quince; James Walker, and Archibald McLain.

The Committee finding that several gentlemen intended to start horses, which they have had some time in keeping, for the Wilmington subscription purse, on Monday, the 28th inst. and the general Congress having particularly condemned horse racing, as an expensive diversion. The committee thought proper to send the following admonitory circular letter to the several gentlemen who had kept horses for the race, to wit:

*Wilmington, Nov. 26th 1774.*

Sir: The Continental Congress, lately held at Philadelphia, representing the several American colonies, from Nova Scotia to Georgia, associated and agreed among other things, for themselves and their constituents, to "discountenance and discourage every species of extravagance and dissipation, especially all horse-racing, and all kinds of gaming, cock-fighting, exhibitions of shows and plays and other expensive diversions and entertainments;" and we being a majority of the committee, chosen by the freeholders of Wilmington to observe the conduct of all persons touching the association of the said Congress, think it our indispensable duty to inform you that in our opinion, the avowed intention of running horses for the subscription purse near this town on the 28th inst. if carried into execution, will be subversive of the said association, and a breach of the resolves of the general Congress; and that if the gentlemen who intended to enter horses for the said purse (of whom we understand you are one) persist in running the race, we shall be under the disagreeable necessity of bearing public testimony against a proceeding which immediately strikes at the ground of the association and resolves, by disuniting the people.

You must be sensible, Sir, that the Americans have not the most dis-

tant prospect of being restored to their former rights or of succeeding in their attempts to defeat a venal and corrupt ministry and Parliament, but by an unanimous adherence to the resolutions and advice of their representatives in the late general Congress; and as a friend to your country, we have no doubt but you will readily relinquish an amusement that however laudable in other respects, is certainly attended with considerable expense, and even destruction to many individuals; and may very justly be condemned at a time when frugality should be one of our leading virtues.

We shall only add that nothing will so effectually tend to convince the British Parliament that we are in earnest in our opposition to their measures, as a voluntary relinquishment of our favorite amusements. Those who will take the trouble of making observations on mankind, must soon be convinced, that the people who abandon their pleasures for the public good, are not to be biased by any other consideration. Many will cheerfully give up part of their property to secure the remainder. He only is the determined patriot who willingly sacrifices his pleasures on the altar of freedom. We are &c. Which was signed by the committee present.

The committee then adjourned to the 10th of December.

WILMINGTON, Wednesday 14th Dec. 1774.

The cargoes of goods imported by John Slingsby & Co. and put into the hands of the committee the 10th instant, were put up to public sale

at the Court-house pursuant to notice when the importers became the last and highest bidders for the said goods, that is to say for the several goods imported for their store in Wilmington, the sum of nineteen hundred and twenty-three pounds, (£1923) ster. and for the several goods imported for their store at Cross-creek the sum of one thousand and twenty pounds, (£1020) like money.

Exclusive of the amount of the several goods in the two invoices as mentioned in the proceedings of the 10th instant, there was gunpowder for the Wilmington store to the amount of £11 10s sterling, and for the Cross-creek store to the amount of £6 18s Sterl. which as appears to the committee, never came to the hands of the said John Slingsby, & Co., not having been shipped on board the said brigantine.

The committee met at 6 o'clock P. M.; Mr. Hereld Blackmore, informed that he had imported since the first instant, in the Sloop Mary and the Brig—, five negro slaves, and craved advice how to proceed, as he had given orders for the purchasing and shipping said slaves, previous to the resolutions of the provincial Congress. The committee desired that Mr. Blackmore, would not sell, or send them out of town, but be accountable for them at the next meeting—then adjourned to December the 17th, 1774.

---

WILMINGTON, Saturday the 17th Dec. 1774.

The Committee met according to adjournment.

Present : Cornelius Harnett, John Ancrum, Robt Hogg, John Quince, Archibald M'Lain, James Walker and John Robeson.

The committee finding upon enquiry that one of the slaves imported by Hereld Blackmore, was ordered after the publication of the resolves of the provincial convention of this province, and in contradiction thereto, and that he had at that time an opportunity to contradict the orders he had given for the other slaves, and he now confessing that he sent a copy of the provincial resolves to Granada : It is the opinion of the committee that the said slaves be re-shipped. And the committee do resolve, that all slaves, imported since the first day of this instant, or which may be imported, shall be re-shipped from this province. Upon a suggestion to the committee that Mr. Arthur Mobson hath imported in his schooner from the West Indies, some slaves which are now at his plantation near this town : It is ordered that the sense of this committee relative thereto be made known to Mr. Mobson, and that Mr. MacLain

write to him for that purpose, which he hath done as follows, to wit :

*Wilmington, 17th Dec. 1774.*

Sir: The committee for the town, chosen to observe the conduct of all persons touching the association of the General Congress, have resolved that all slaves imported into this river, since the first day of December, instant, shall be re-shipped to the place from whence they came as soon as possible, and being informed that you have, contrary to the express letter of the said association, imported slaves from the West Indies, which you have now at your plantation, it is expected that you will give a particular account of the number thereof, and take such steps as may satisfy the committee that you intend, on your part, to adhere strictly to the regulations laid down by your representatives.

I am, Sir, your obd't servant,

Signed,

ARCHIBALD M'LAIN.

MR. MOBSON.

Capt John Dean from Glasgow presented to the committee an invoice of goods amounting to (£15) fifteen pound sterling, which he requested might be sold agreeable to the association and resolves of the General Congress, and the said goods are accordingly ordered to be sold on Monday the 19th inst.

Upon the complaints of divers persons that the proprietors of the distillery in this town have advanced the price of their Rum from 2s 8d to 3s currency, per gallon : Mr. Wilkerson the acting partner was summoned and attended, and having alleged in his justification that Molasses is now at a higher price than formerly, that what he hath imported lately, was purchased at an advanced price, and was of an inferior quality, and that the cargoes sent out to purchase it sold lower than usual, it is the opinion of this committee that they cannot interfere, unless the purchasers make it appear, that the proprietors of the distillery sell their spirits for greater profits than they have usually done.

The committee came to the same resolutions with respect to the complaints against some merchants for raising the price of goods, particularly gun-powder, it appearing that that article is extremely scarce, and that a merchant in this town, hath offered 4s per pound for a quantity to supply his country stores, and could not procure it at four shillings and sixpence.

The committee adjourned till Monday the 19th inst.

The committee adjourned till to-morrow.

---

THURSDAY, January 5th, 1775.

The Committee met according to adjournment, and chose Cornelius Harnett Esq. Chairman, and Mr. Francis Clayton deputy Chairman.

Present: Cornelius Harnett, Chairman, Francis Clayton, Deputy Chairman.

Sampson Mosely, John Ashe, John Quince, George Moore, William Jones, L. C., William Jones, W. T. John Ancrum, Wm. Robeson, F. Jones, Samuel Swann, Thos. Devane, John Marshall, Samuel Ashe, Wm. Hooper, Archibald M'Laine, Robt. Hogg.

Resolved, That the following notice be sent to the Merchants of Wilmington, by Mr Swann, and Mr. Robeson, to wit :

'To the Merchants of the town of Wilmington, Masters of vessels and traders: 'The committees of the county of New-Hanover, and of the town of Wilmington, united and met for the important purpose of carrying into execution the resolves of the Continental Congress, earnestly request of you, as well wishers to the common cause of America, in which we are all embarked, to signify to them, by the bearers of this, if you have any gunpowder on hand, and what quantity, that this committee, may in consequence of that information, take the most prudent steps, to guard against the melancholy effects, which may result

from this part of the Province, being left in a state totally deficient from the want of ammunition. It is likewise requested that you would cease to make further sales thereof, until informed by the committee.

Signed, CORNELIUS HARNETT, Chairman.

Mr. Owen Kenan, as holder of two notes of hand, of one hundred and fifty pounds each, from Jesse Barfield, to Lechansius Dekeyser, and from the said Dekeyser, to the said Barfield, and of two other notes of hand, for one hundred pounds, Virginia currency, each, from Alexander Outlaw, William Robeson and Wm. Jones, to John Lawson, and from the said Lawson and John Ashe, to Alexander Outlaw, for two races to be run between the several parties, was summoned to appear, and compelled to deliver up the said notes, and the agreements made for running the said races, and the committee unanimously resolved to indemnify the said Owen Kenan for all damages he may hereafter sustain by the delivery of the said notes and agreement.

Mr. Swann, and Mr. Robeson, returned an account of the gunpowder, in Wilmington, 1434lbs. in the hands of the several merchants applied to.

Mr. Thomas Craike, was requested by the committee, to act as Secretary, which he readily agreed to.

The committee sent the papers of the following tenor, to the persons within named by Mr. Swann, and Mr. Robeson.

Mr. John Burgwin, John Robeson, Mr. Tier, Ancrum, Foster and Brice, Thomas Orr, George and Thomas Hooper, Hogg and Campbell, George Doherty, and Charles Jecokes.

The King's proclamation prohibiting the further exportation of gunpowder from Great Britain, renders it highly necessary, that some expedient should be adopted to prevent the melancholy consequences which to a province in respect to its inhabitants, circumstanced as this is, may in future arise from a total want of that article. We, therefore gentlemen, assure ourselves, that you, animated with the same liberal sentiments that we feel, will contribute what at present falls to your particular department for the promotion of the public good.

---

NOTE BY THE PUBLISHER—The following was appended in a small slip, pinned on to the manuscript page, and probably alluded to the quantity of powder in the town of Wilmington, at the periods designated:

January 4, 1775, 100lbs. Gunpowder.

December 14, 1774, 50lbs. Gunpowder.

The quantity of Gunpowder which is at present in the town is very inconsiderable, and it is absolutely necessary, that what there is should be reserved for any future emergencies, that we may be prepared for every the worst contingencies.

We therefore, gentlemen, entreat you by the ties of honor and virtue, and love for your country, as you prize the regard of your fellow-citizens, as you wish to avoid the censure of this committee, and those whom they represent, that you would not within thirty days from this time, remove out of this town, or make sale of any of the gunpowder which you have reported to this committee, as the stock you have upon hand before the expiration of which time, this committee will endeavor to collect by subscription, and they doubt not of success, a sum sufficient to purchase and pay you for the whole of it at the reasonable price of three shillings per pound, which some of your well disposed brethren have consented to take. And as it is intended, to be made use of as much for your security as of the rest of the inhabitants of this part of the province, we address you with a certainty of succeeding in this application, which should it appear to you to carry with it any thing uncommon, will find an ample vindication in the present critical circumstances of this province.

Signed,

CORNELIUS HARNETT, Chairman.

Mr. Swann and Mr. Robeson, made report to the committee, that all the persons applied to had complied to the request of the committee, excepting Mr. Burgwin, whose answers appeared to be evasive, as he neither specified the quantity of powder he could spare nor absolutely fixed the price he would take for it. Therefore,

Resolved, unanimously, that Mr. Burgwin's answer is unsatisfactory, and deserves the censure of this committee, and that he have notice thereof.

The committee then adjourned until 9 o'clock the next day.

Mr. Burgwin's letter to the Chairman, was produced and read, and ordered to be copied as follows :

*Friday Morning,*

Dear Sir: By what I hear passed in the Committee last evening, I imagine some misapprehension has taken place, as surely it cannot be supposed, I intended any insult to a set of Gentlemen, for whom individually, I have a high respect.

I was quite unacquainted with the quantity of powder we had on hand, and I told the gentlemen, who came to me, that my powder cost seven shillings per hundred more than any in town, being made by a particular sample I had sent home for the purpose, and I thought we ought to have two shillings a pound more for it ; however we should not disagree about trifles—and that I would give orders, none of it should be sold, but reserved as requested.

On the second application of Mr. Swann and Mr. Robeson, I think I told them with respect to two half barrels of Mrs. W's., as it was her property, should she send for it, I must deliver it to her order—but that I had no doubt of her acceptance of the price, and that I should write to her by the first opportunity.

Thus far, I have repeated if not the very words, the substance of what passed on this subject, and should be extremely sorry to act in any respect contrary to the true interest of my country, or give offence to any individual in it. Had I reflected a moment, I should have referred the Gentlemen, to Mr. Graham, who is empowered to transact Mrs. Waddel's business, and could have answered for her at once—and to whom I now beg it to be referred.

Dear sir, your most obd't servant,

Signed,

JOHN BURGWIN.

The committee on hearing the above letter read, ordered the following answer to be sent him by the Chairman.

The committee being informed of a Public Ball, to be given by sundry persons, under the denomination of the gentlemen of Wilmington, at the house of Mrs. Austin, this evening, and as all public Balls and dances, are contrary to the resolves of the General Continental Congress, and a particular resolve of this committee :

Ordered, That the following letter be sent to Mrs. Austin, to forewarn her from suffering such Public Ball and dancing at her house.

Madam: The committee appointed to see the resolves of the Continental Congress put in execution, in this town, acquaint you, that the Ball intended to be given at your house, this evening, is contrary to the said resolves ; we therefore warn you to decline it, and acquaint the parties concerned, that your house cannot be at their service, consistent with the good of your country.

By order of the committee,

Signed,

THOS. CRAIKE.

We the subscribers, in testimony of our sincere approbation of the proceedings of the late Continental Congress, to this annexed, have hereunto set our hands, and we do most solemnly engage by the most sacred ties of honor, virtue and love of our country, that we will ourselves strictly observe every part of the association recommended by the Continental Congress, as the most probable means to bring about a reconciliation between Great Britain and her colonies and we will use every method in our power to endeavor to influence others to the observation of it by persuasion, and such other methods as shall be consistent with the peace and good order, and the laws of this Province, and we do hereby intend to express our utter detestation of all such as shall endeavor to defeat the purposes of the said Congress, and will concur to hold forth such characters to public contempt.

Sterling Money, which he became liable for to the committee. The said Jno. McDonnell having made it appear to the satisfaction of the committee, that the goods he purchased were damaged in such a manner as not to be worth the first cost and charges: It is the opinion of this committee that the aforesaid sale is void, and that the said Jno. Resolved, Unanimously, That as the measures which this Committee must be under an absolute necessity to adopt, in case any persons should mark themselves as objects of distinction, in opposition the general American cause, must be greatly detrimental in their present operation and future consequence to them ; We, therefore, in order to give full opportunity to those who have not yet subscribed their names as a testimony of their concurrence in the continental Association have thought fit to delay till Monday next, carrying into execution those signal marks of contempt which the Continental Congress have

thought fit to consign those who are so far lost to public virtue, as to oppose the measures which that body proposed as a cement of allegiance to our sovereign, and as having a tendency to promote a Constitutional attachment to our Mother Country.

Resolved, unanimously, Also, that if any person who, upon application having been made to him, to sign the Association, has hitherto refused, if he shall make known that he has altered his Resolution, and shall be desirous to set his name to the said Association, he will find it in the hands of the Chairman, deputy Chairman or Secretary of this Committee, till Monday next, before or at which time he may apply and save the dangerous consequence that may ensue from a longer neglect.

#### ASSOCIATION.

*Unanimously agreed to, by the inhabitants of New Hanover County in North Carolina, 19th June, 1775.*

The actual commencement of Hostilities against this Continent by the British Troops, in the bloody scene, on the 19th April last, near Boston: The increase of arbitrary impositions from a wicked and despotie ministry; and the dread of instigated insurrections in the colonies, are causes sufficient to drive an oppressed people to the use of arms. We, therefore, the subscribers, inhabitants of New Hanover County, having ourselves bound by that most sacred of all obligations, the duty of good citizens towards an injured country; and, thoroughly convinced that, under our present distressed circumstances, we shall be justified, before God and Man, in resisting force by force: Do unite ourselves under every tie of religion and honor and associate as a band in her defence against every foe; hereby solemnly engaging that whenever our Continental or Provincial Councils shall decree it necessary we will go forth and be ready to sacrifice our lives and fortunes to secure her freedom and safety. This obligation to continue in full force until a reconciliation shall take place between Great Britain and America, upon constitutional principles, an event most we ardently desire and we will hold all those persons inimical to the liberties of the Colonies, who shall refuse to subscribe this Association. And we will in all things, follow the advice of our Committee, respecting the purposes aforesaid, the preservation of peace and good order, and the safety of individual and private property.

The Committee appointed to answer the Governor's Proclamation, of the 16th inst., returned the following answer, which was read and ordered to be printed in the public papers and in hand bills.

At a General meeting of the several committees of the District of Wilmington, held at the Court-house, in Wilmington, Tuesday, 20th June, 1775.

Whereas, his Excellency, Josiah Martin, Esq., hath by Proclamation, dated at Fort Johnston, the 16th day of June, 1775, and read this day in the committee, endeavored to persuade, seduce, and intimidate the good people of the province, from taking measures to preserve those

rights, and that liberty, to which, as the subjects of a British King they have the most undoubted claim, without which, life would be but futile considerations, and which therefore, it is a duty they owe to themselves, their Country, and posterity, by every effort, and at every risk, to maintain, support, and defend against any invasion or encroachment whatsoever.

And whereas, many unconstitutional and oppressive acts of Parliament, invasive of every right and privilege, and dangerous to the freedom of America, have laid the people of this colony under the fatal necessity of appointing committees for the several districts, Towns, and Counties, of this province, who were instructed, carefully to guard against every encroachment upon their invaluable rights, and steadily oppose the operation of those unconstitutional acts, framed by a wicked administration entirely to destroy the freedom of America: and as among other measures, those committees found it absolutely necessary, either by themselves, or by persons appointed under them, to visit the people, and fully to explain to them the nature and dangerous tendency of those acts, which the Tools of administration, were by every base art, endeavoring to prevail upon them to submit to: and as his Excellency has endeavored by his Proclamation, to weaken the influence, and prejudice the characters of those Committees, and the persons appointed under them, by wantonly, cruelly, and unjustly, representing them as ill-disposed people, propagating false and scandalous reports, derogatory to the honor and justice of the King; and also, by other illiberal and scandalous imputations expressed in the said Proclamation: We, then, the Committees of the counties of New Hanover, Brunswick, Bladen, Duplin and Onslow, in order to prevent the pernicious influence of the said Proclamation, do, unanimously, resolve, that in our opinion, his Excellency Josiah Martin, Esq; hath by the said Proclamation, and by the whole tenor of his conduct, since the unhappy disputes between Great Britain and the colonies, discovered himself to be an enemy to the happiness of this colony in particular, and to the freedom, rights, and privileges of America in General.

Resolved, nem. con. That the said proclamation contains many things asserted to be facts, which are entirely without foundation; particularly the methods said to have been made use of, in order to compel the people to sign an Association against any invasion, intestine insurrection, or unjust encroachments upon their rights and privileges;

no person having signed such Association but from the fullest conviction that it was essentially necessary to their freedom and safety; and that if his Excellency founded such assertions upon information, it must have been derived from persons too weak or wicked to have any claim to his credit or attention.

Resolved, *nem. con.* That it is the opinion of this committee, that America owes much of its present sufferings to the information given by Governors and men in office, to administration, who having themselves adopted belief from improper informants, or, in order to sacrifice to the pleasure of the ministry, have falsely represented, that His Majesty's American subjects were not generally averse from the arbitrary proceedings of a wicked administration, but that the opposition, made to such unconstitutional measures, arose from the influence of a few individuals upon the minds of the people, whom they have not failed to represent as "false, seditious, and abandoned men;" by these means, inducing the ministry to believe, that the Americans would be easily brought to submit to the cruel impositions so wickedly intended for them; that his Excellency's proclamation is evidently calculated for this purpose, and is also replete with the most illiberal abuse and scandalous imputations, tending to defame the characters of many respectable persons, who zealously attached to the liberty of their country, were pursuing every laudable method to support it.

Resolved, *nem. con.* That the resolution respecting America, introduced by Lord North, into the British House of Parliament, which his Excellency, in his proclamation, alludes to, is such a glaring affront to the common sense of the Americans, that it added insult to the injury it intended them: That Lord North, himself, when he introduced it, declared to the House, that he did not believe America would accept of it, but that it might possibly tend to divide them, and if it broke one link in their chain of Union, it would render the enforcing his truly detestable acts the more easy; therefore,

Resolved, That this was a low, base, flagitious, wicked attempt to entrap America into Slavery, and which they ought to reject with the contempt it deserves; that the uncandid and insidious manner in which his Excellency has mentioned the said resolution, is a poor artifice to seduce, mislead, and betray the ignorant and incautious into ruin and destruction, by inducing them to forfeit the inestimable blessings of freedom, with which nature and the British Constitution have so hap-

pily invested them; and also, indisputably proves, that his Excellency is ready to become an instrument in the hands of administration to rivet those chains so wickedly forged for America.

Resolved, *nem. con.* That at this alarming crisis, when the dearest rights, and privileges of America are at stake, no confidence ought to be reposed in those, whose interest is to carry into execution every measure of administration, however profligate and abandoned; and who thought they are conscious those measures will not bear the test of enquiry and examination, will and endeavour to gloss over the most palpable violation of truth with plausibility, hoping, thereby, to blind, mislead and delude the people; that this Committee therefore, earnestly recommend it to the other committees of this province, and likewise to all our Brethren and suffering fellow subjects thereof, cautiously to guard against all those endeavours, which have been, or shall be made to deceive them, and to treat such attempts as wicked efforts of the 'Fools of Government calculated to throw this Country into confusion, and by dividing to enslave it.

The committee adjourned till a meeting occasionally. A ccount of money received, at this committee.

Ordered, That the following agreement be put up at the Court house.

Whereas, several members of the Wilmington Committee seem to find

it inconvenient to give their attendance with that punctuality that the present exigence of affairs now demand, and as it has been the practice of all the Northern Colonies since American politics have been drawing towards their present crisis, to re-elect their Committee men for these reasons, and that the people may have an opportunity of confirming or annulling their former choice, it has been unanimously agreed to in committee held this day at Wilmington, to make the above public, and request the attendance of all the inhabitants qualified to vote, for members of assembly, to meet at the Court house on Thursday next, and elect a committee to represent said town—as it has been thought that the present committee is not sufficiently numerous, it as recommended to the Electors to take the augmentation of the future one into consideration.

Toomer, Jas. Tate, Jno. DuBois, Jno. Forster, Jas. Geekie, Francis Brice, Caleb Grainger, Wm. Campbell, Wm. Miller.

The new committee having met agreeable to a Summons, proceeded to choose a chairman, and deputy chairman:

Accordingly, Cornelius Harnett, esquire, was unanimously chosen Chairman, and Mr. Francis Clayton, Deputy Chairman.

On motion, Resolved, unanimously, as the opinion of this Committee, that the immediate calling of a Provincial Convention is a measure absolutely necessary, and that the Chairman do recommend the same to Samuel Johnston, Esq.

On motion, Resolved, unanimously, that every white man capable of bearing arms, resident in Wilmington, shall, on or before Monday, the 10th instant, enrol himself in one of the two Companies there, and that

every man of the above description, who has not signed the Association, apply to the subscriber, in whose possession for that purpose it is, and subscribe the same. A neglect of the above will be considered by the Committee as a declaration of intentions inimical to the common cause of America; and the Committee further direct, that no master shall prevent his apprentices or servants from complying with the Resolution—to be signed by the Secretary.

On motion, Ordered, that Cornelius Harnett, Arch'd Maclaine, Fr's Clayton, Adam Boyd, and John Ancrum, be a committee of Correspondence till the next monthly meeting of the Committee for the Town and County.

On motion, Ordered, that the Committee of Intelligence draw up a Resolution to hold James Hepburn up to the public, as inimical to the liberties of his country and the common cause of America, which is as follows:

Whereas, this committee hath received information from undoubted authority, that James Hepburn of Cumberland county, attorney at law, did lately apply to the committee of that county, for orders to raise a Company "*under the Militia law, to preserve the Independence of the subjects, and the dignity of the Government,*" and afterwards declared that, had the application met with success, the Company was intended to act against the American cause. And, whereas, Oath hath this day been made by James Clardy, of Bladen county, that the said James Hepburn, in a conversation with the said Clardy, after inquiring what officers had been chosen for the county of Bladen, and asking if the said Clardy was not a committee-man, said, in derision, that these were fine times when the country was to be governed by Committees; and, in order to intimidate the said James Clardy, and other the good people of this Province, falsely and maliciously asserted that there were 50,000 Russians in his Majesty's pay, and that they had embarked, or were to embark immediately, in order to subdue the Americans: and, whereas, it is notorious that the said James Hepburn, hath very lately been with Governor Martin at Fort Johnston, in company with some gentlemen lately settled in this Province, as it is said, and universally believed, to offer their services to the said Governor, and to obtain his orders for raising mercenaries to suppress the noblest struggles of insulted liberty. It is, therefore,

Resolved, unanimously, That the said James Hepburn, is a false

scandalous, and seditious incendiary, who, destitute of property and influence, as he is of principle, basely and traitorously endeavors to make himself conspicuous in favor of tyranny and oppression, in hopes, by violating the primary and fundamental laws of nature and the British Constitution, to raise a fortune to his family upon the subversion of Liberty, and the destruction of his country.

Ordered, that this Resolve, and this Preamble upon which it is founded, be published; in order that the Friends to American Liberty may avoid all dealings and intercourse with such a wicked and detestable character.

The committee then adjourned till the next occasional meeting.

FRIDAY, July 21st, 1775.

The committee met according to adjournment.

Present as before.

On motion, ordered, That the Committee of Intelligence of this town, write to the committee of Cumberland, and congratulate them on the favorable disposition of their committee and county, to support the common cause of America.

On motion, Resolved, That application be made to Mr. Samuel Campbell for the Muskets he has in his possession; the property of the

public, in order that they may be lodged with the Secretary of this committee, to be distributed to those who may be in want of arms.

This Committee having taken into consideration an act of the British Parliament for restraining the trade of the Colonies of New Jersey, Pennsylvania, the counties of Newcastle, Kent and Sussex, on the Delaware, Maryland, Virginia, and South Carolina, to Great Britain, Ireland and the British West Indies, which is to take place this day ; it is

Resolved, unanimously, that the exception of this colony, and some others, out of the said act, is a base and mean artifice, to seduce them into a desertion of the common cause of America.

Resolved, that we will not accept of the advantages insidiously thrown out by the said act, but will adhere strictly to such plans as have been, and shall be, entered into by the honorable continental Congress ; so as to keep up a perfect unanimity with our sister colonies.

The inhabitants of Poole (a seaport in the British channel) having manifested themselves, not only inimical to America ; but lost to every sense of honor and humanity, by petitioning Parliament to restrain the New England fisheries ; by which iniquitous act, the virtuous inhabitants of those colonies, are cruelly deprived of the means of procuring a subsistence ; and rendered almost dependent on the bounty of their neighbors ; in testimony of our resentment of a conduct so injurious to our fellow-citizens, and so disgraceful to human nature ; we unanimously Resolve, not to freight, or in any manner employ any shipping, belonging to that town ; and that we will not carry on any commercial intercourse or communication with the selfish people of Poole.

Whereas, it appeared, upon incontestible evidence, that John Collett, commander of Fort Johnston, was preparing the said fort [under the auspices of Governor Martin] for the reception of a promised reinforcement, which was to be employed in reducing the good people of this province, to a slavish submission to the will of a wicked and tyrannic Minister ; and for this diabolical purpose, had collected several abandoned profligates, whose crimes had rendered them unworthy of civil society ; and that the said commander, had wantonly detained vessels, applying for Bills of Health, thereby defeating the salutary purposes for which the Fort had been established and continued—had threatened vengeance against magistrates, whose official opinion he chose to disapprove—had set at defiance the high sheriff of the county, in the execution of his office, and treated the King's writs, when served on

him for just debts, (which both as a soldier and a subject, it was his duty to obey) with the shameful contempt of wiping his b—k s—de with them—had with the most unparalleled injustice, detained and embezzled a large quantity of goods, which having been wrecked near the Fort, had the highest claim to his attention and care, for the benefit of the sufferers; in whose behalf, many and repeated applications had been legally made, in vain, to the said commander—had contrary to every principle of honor and honesty, most unwarrantably seized, by force, a quantity of corn, the private property of an individual; an act of robbery the more inexcusable, as provisions were never withheld from him, whenever he would pay for them—had basely encouraged slaves from their masters, paid and employed them, and declared openly, that he would excite them to an insurrection: It also appeared that the said John Collett, had further declared, that, as soon as the expected reinforcement should arrive, the King's standard would be erected, and that, to it should be invited all those (as well slaves as others) who were base enough to take up arms against their country.

The Committee of New Hanover and Wilmington, having taken these things into consideration, judged it might be of the most pernicious consequences to the people at large, if the said John Collett should be suffered to remain in the Fort, as he might thereby have opportunity of carrying his iniquitous schemes into execution. This opinion having been communicated to the officers, and the committees of some neighboring counties, a great many volunteers were immediately collected; a party of whom reached Brunswick, when accounts were received, that the said commander had carried off all the small arms, ammunition, and part of the Artillery, (the property of this Province) together with his furniture, on board a Transport, hired for that purpose, there to remain until the reinforcement should arrive, and then again take possession of the Fort: the original design being thus frustrated, but the different detachments having met at Brunswick, about 500 men marched to the Fort, and burnt and destroyed all the Houses, &c. in and about the same; demolished, as far as they could, the back part of the Fortification, and effectually dislodged that atrocious Freebooter.

Resolved, therefore, that the thanks of the Committee be given to the officers and soldiers who, with such ready alacrity, gave their attendance to effect a matter of so much real importance to the public.

The committee then adjourned to the next meeting.

MONDAY, July 31st, 1775.

At an occasional meeting of the committee.

The chairman presented to the committee, a letter from Mr. Rowan, inclosing one of the Governor's to a certain Lieu't Col. James Cotton ; it was

Resolved, unanimously, That the committee approve of Mr. Rowan's conduct ; and that the committee of Intelligence be requested to write to him on the subject.

Mr. Boyd read a letter from the Governor, requesting him to print an account of a late engagement at Bunker's-hill, between the King's troops and provincials ; craved their opinion respecting the above publication ; it was

Resolved, unanimously, That he should acquaint the Governor, that the committee would not admit the separate publication in hand bills ; but that if it was agreeable to him, it might be printed in the Mercury.

Whereas, we have learned from undoubted authority, that Governor Martin intends going into the back country, to collect a number of men, for the purpose of disturbing the internal peace of this province.

Resolved, that the Governor's going into the back country may be of great prejudice to this Province, as it is in all probability he intends kindling the flames of a civil war, and that the committees of the different counties should be advised of his intentions and requested to keep a strict look out, and, if possible, to arrest him in his progress.

The Committee then adjourned to the next meeting.

At an election held this day for additional Delegates for this town and county, to represent them in General Convention to be held at Hillsborough, on the 20th inst. Lillington and James Moore, esq. for the county, were duly elected by the Freeholders, as additional Delegates, with Cornelius Harnett, esq. for the town, George Moore, John Ashe and Samuel Ashe, esqrs. for the county, chosen on a former election, to represent them in the aforesaid Convention.

Whereas, the late Continental Congress, in the fourth article of their Association for themselves and their constituents, agreed that the earnest desire they had, not to injure their fellow subjects in Great Britain, Ireland and the West Indies, induced them to suspend a non-exportation, until the 10th day of September, 1775; at which time, if the said acts, and part of acts of the British Parliament thereafter mentioned, should not be repealed; they would not directly or indirectly export any commodity whatsoever, to Great Britain, Ireland or the West Indies, except rice, to Europe. And, whereas, information hath been made to the committee, that several merchants and traders, in the town of Wilmington, understand the said article, in this sense, that is to say, that if any ship or vessel should, before the said 10th day of Sept., begin to load, time and liberty would be allowed to complete the loading,

at any time, however extended, after the said 10th day of September, which would be a flagrant infraction of the said Association.

Resolved, therefore, That no ship or vessel, on any pretence whatever, shall take on board any merchandises or commodities from and after the 10th day of September next; nor shall any person or persons presume to ship any goods, wares, or merchandises, on board of any ship or vessel, from and after the said 10th day of September, on pain of the displeasure of the public.
